Know- how

Working the vines: The grapes come from the Domaine or through purchase contracts. Bouchard Père & Fils works in a spirit of close collaboration with its partners, to whom it passes on all its knowledge and savoir- faire so as to obtain a harvest that respects its quality requirements.

Vinification and maturing: Depending on the profile of the vintage, vatting lasts 8 to 15 days, then maturing for 8 to 14 months in French oak barrels, with 20 to 40% new barrels.

Ageing wine: These wines enjoy the optimum ambient conditions in the cellars of the Bastions of the ancient Château de Beaune.
